

SHELLEY STULL

hair & makeup

Raised in the spotlight of Los Angeles combined with a life-long love affair of makeup Shelley has had the opportunity to master her craft in Makeup Artistry and Hair with the best of the best. With over 12 years experience, she continues to perfect her skill and is always open to creating something new and innovative for her clients, while at the same time, supporting their aesthetic vision. "I continue to create new looks and styles that other makeup artist's have never envisioned."

Shelley's more natural approach to makeup gives a fresh radiant glow, rather than a face full of makeup. She strives on being the best and works hard at achieving and maintaining that goal. Shelley has such an innate ability to connect with her clients in such a way that they leave her makeup chair with a renewed sense of their own beauty and radiance.
